

PREGIS PURPOSE 2K30

Protect

PROTECT OUR PLANET

Protect our planet by reducing damage and preventing reshops. We can help you protect customer experience, profits and your employees.

Preserve

PRESERVE NATURAL RESOURCES

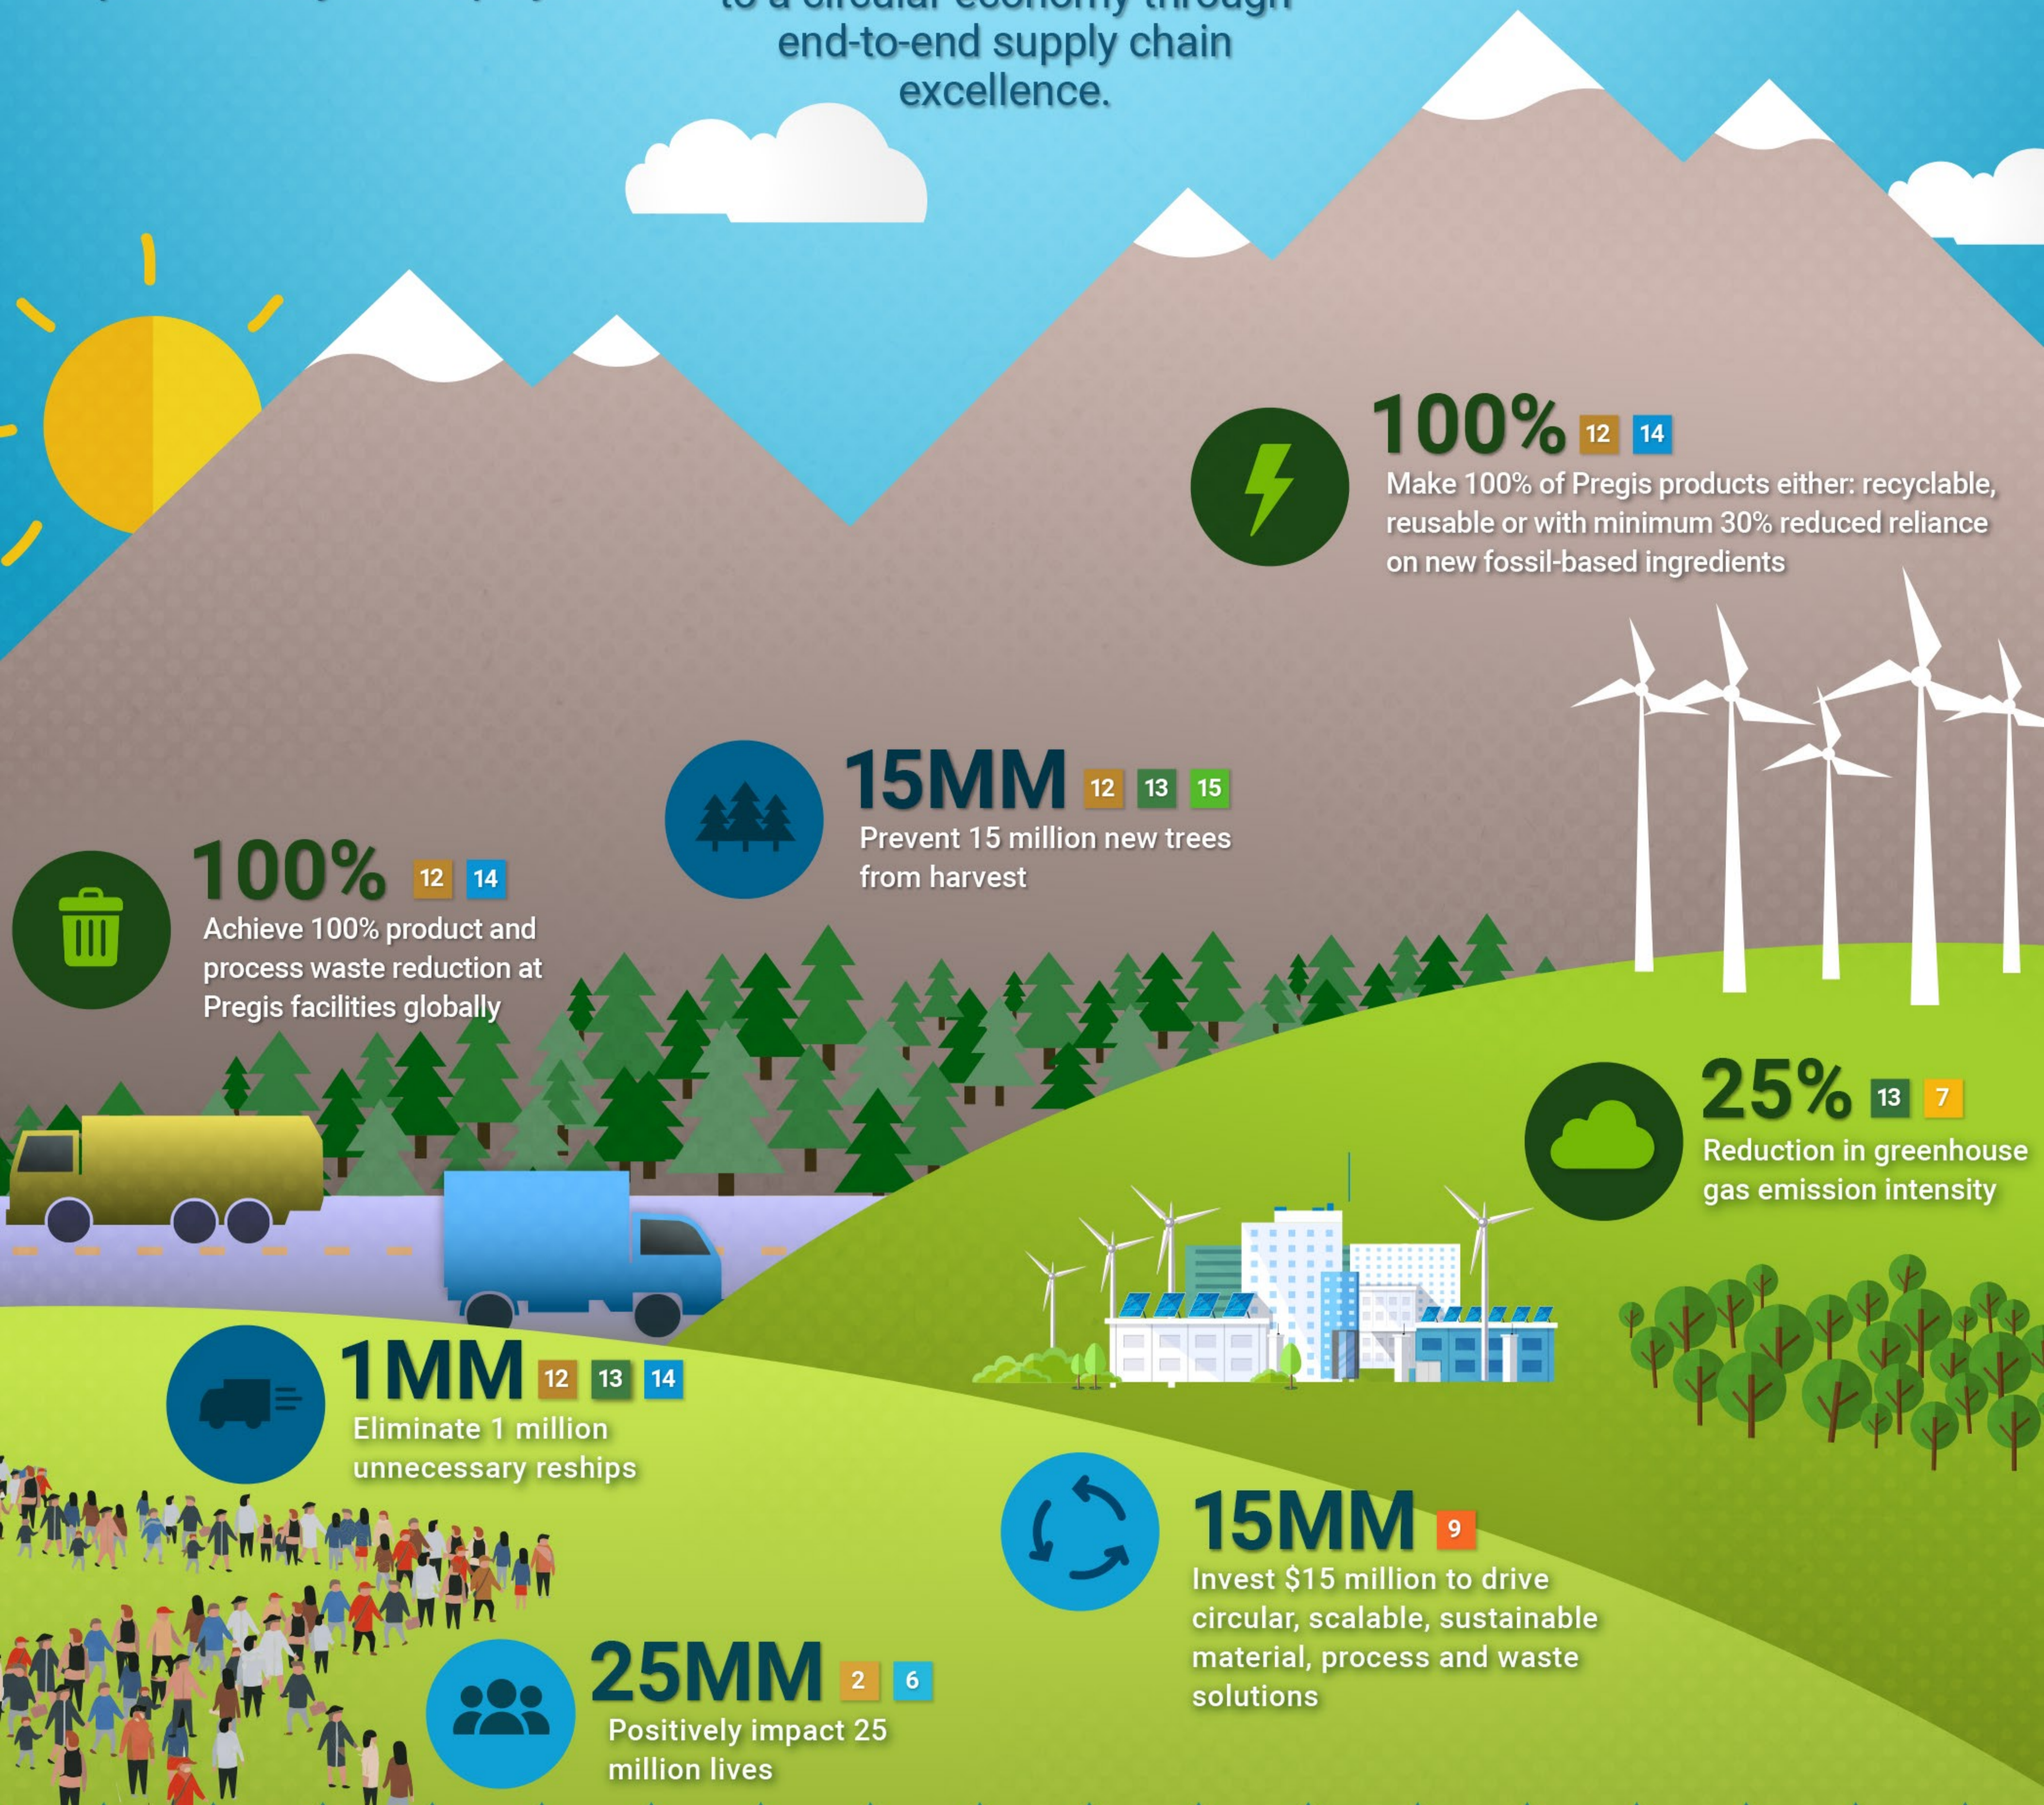

Preserve natural resources and the environment. We focus on designing products and processes that contribute to a circular economy through end-to-end supply chain excellence.

Inspyre

"INSPYRE" PEOPLE

People are the "y" in Inspyre. We inspire people to do good for the world through education, industry advocacy, professional and personal development.

WORKING TOWARD SOMETHING BIGGER

Pregis Purpose 2k30 initiatives were developed to help in a larger, global effort to make the future a better place. Every Pregis initiative funnels up to one or more of the Sustainability Development Goals created by the United Nations. These goals are the blueprint to achieve a better and more sustainable future for all.
